**Subject:** Uber

SC needs Uber. I used it while in NYC and it was great! Why should we be forced to pay higher rates if we can get other options??

I sincerely hope the decision to cease Uber services will be overturned. The taxi industry is at best, poorly run and dangerous. My last experience in a taxi ended with an unknown passenger in the front of the cab stopping to buy meth and smoking it.

Uber has provided nothing but safe and efficient services, and in the ever growing and changing climate of Charleston the need for Uber services is dire.

Please reconsider.

**Subject:** Uber in SC

I find it very upsetting that Uber is being forced out of Charleston. Over the past year, I have had many positive experiences with timely and courteous Uber drivers after years of late, disinterested and unsafe taxi rides. Uber has demonstrated that they are willing to work with the government and they deserve a chance to succeed. They would not be in Charleston and would not have the success they have had if the market would not bear it. Thank you for your time and hopefully reconsidering. SC and CHS need forward thinking and progressive companies like Uber to continue the positive growth it has recently experienced.

Respectfully,  
John Ramsey
